Grants

Submitted:

Agency: National Institute of Aging, R15 REAP	2021-2024
Title: Impact of functional biomarkers on hospitalization, long-term placement, and mortality in community-dwelling older adults with cardiometabolic multimorbidity	
Time of Submission: February 2021	
Role: Principal Investigator	

Current:

Agency: Learning Health Systems Rehabilitation Research Network (LeaRRn) research scholar	
Evaluate the effectiveness of the Johns Hopkins Activity Mobility Promotion (AMP) approach at Boston Medical Center	Start date: June 2021 – June 2024
Total: \$55,000	

Agency: MGH Institute of Health Professions COVID Research	2020-2021
Title: Health and Function Outcomes After COVID-19 Discharge: A Feasibility Study	
Total: \$5,000.00	
Role: Co-Investigator	

Agency: Center for Large Data Research & Data Sharing in Rehabilitation (CLDR)	2019-2020
Title: "Utilization of outpatient physical therapy and the impact on opioid use and health utilization in community-dwelling older adults with osteoarthritis"	
Total: \$23,500.00	
Role: Co-Principal Investigator: Salary support

Title: Clinical practice guidelines (CPG) on the Immediate Post-Acute Care
Management of Patients with Rehabilitation Needs after Cardiovascular Events/Surgeries
Total: \$9,000.00
Role: Principal Investigator

Agency: MGH Institute of Health Professions Faculty Research Fellowship 2019-2020
Title: Impact of physical activity on mortality in community-dwelling older adults
with heart failure related multimorbidity
Total: \$10,000.00; Role: Principal Investigator

Completed

Agency: Michigan Physical Therapy Association 2015
Institute for Small grants, Principal Investigator
Title: Factors related to exercise participation in older adults with cardiovascular
disease in a rural setting– a qualitative study
Total: \$500.00
Role: Principal Investigator

Unfunded

Agency: National Institute of Aging, R15 REAP 2020-2023
Title: Impact of physical activity on hospitalization and mortality in community-
dwelling older adults with cardiovascular multimorbidity
Time of Submission: February 2019
Role: Principal Investigator

Agency: Cardiovascular & Pulmonary Section, APTA 2019-2020
Title: Current Physical Practice Patterns in Home-Based Settings for
Post-Cardiac Events or Surgery: A Mixed Methods Study
Total: \$5,000.00
Role: Principal Investigator
