

**Nancy M. Terres, PhD, MS, RN**  
School of Nursing  
MGH Institute of Health Professions  
36 First Street  
Boston, Massachusetts 02129  
(617) 724-4755  
[NMTerres@mghihp.edu](mailto:NMTerres@mghihp.edu)

**EDUCATION:**

1999 Tufts University  
Medford, Massachusetts  
Ph.D. in Child Development

1979 Boston University  
Boston, Massachusetts  
Master of Science  
Specialty: Parent-Child Nursing  
1979-Clinical Nurse Specialist

1969 University of North Dakota  
Grand Forks, North Dakota  
1969-Bachelor of Science in Nursing

**RN LICENSURE:**

Massachusetts #122144  
Colorado #47993 (inactive)  
Minnesota #63821 (inactive)

**CERTIFICATIONS:**

1982-2013- American Nurses Association Certification in Pediatric Nursing 034892

1980- Nursing Child Assessment Training series (NCAST).  
Certification granted by the University of Washington, Seattle, via  
Children's Hospital Medical Center, Boston.

**EXPERIENCE:**

***Academic:***

1984-Present MGH Institute of Health Professions  
36 First Street  
Boston, Massachusetts 02129  
Associate Professor

2006-2016 Massachusetts General Hospital/McLean's Hospital Pediatric  
Psychiatric Residency Program  
Lecturer on Infant Psychiatry

2003 Tufts University  
105 College Avenue  
Medford, MA 02155

Lecturer for Child Development Department 's course on Infancy

- 1982-1984 Boston University/Brockton Hospital  
Pediatric Residency Affiliation Program  
Brockton Hospital – Chief of Pediatrics  
680 Centre Street  
Brockton, Massachusetts 02402  
Educational Coordinator
- Clinical:***
- 1985-2004 Massachusetts General Hospital  
55 Fruit Street  
Boston, Massachusetts 02114  
Pediatric Clinical Nurse Specialist
- Joint appointment (40%) to the Children's Service-1985-1995
  - Feeding and Child Development Team 1989-2004
- 2000-2004 VNA Care Network Inc.  
1100 High St.  
Dedham, MA 02026  
Per diem Pediatric/Maternal-Child nurse
- 1982-1984 Brockton Early Intervention Program  
165 Quincy Street  
Brockton, Massachusetts 02402  
Maternal-Child Specialist
- 1979-1982 Brockton Visiting Nurses Association  
300 Battles Street  
Brockton, Massachusetts 02401  
Maternal-Child Specialist
- 1974-1979 Children's Hospital Medical Center  
300 Longwood Avenue  
Boston, Massachusetts 02115  
Neonatal Nurse Clinician
- 1972-1974 Weld County General Hospital  
16<sup>th</sup> Street at 17<sup>th</sup> Avenue  
Greeley, Colorado 80631  
Staff Nurse - Pediatrics  
Staff Nurse - Newborn Nursery
- 1970-1972 University of Minnesota Hospitals  
University of Minnesota - Mayo Building  
Minneapolis, Minnesota 55415  
1971-72 Pediatric Inservice Coordinator

1970-71 Pediatric Nursing Float

1969-1970 St. Mary's Hospital  
2414 South 7<sup>th</sup> Street  
Minneapolis, Minnesota 55454  
Staff Nurse – Pediatrics

***Administrative***

1974-1979 Children's Hospital Medical Center  
300 Longwood Avenue  
Boston, Massachusetts 02115  
Neonatal Nursing Coordinator  
Nursing Supervisor

1982-1984 Brockton Early Intervention Program  
165 Quincy Street  
Brockton, Massachusetts 02402  
Program Director and Maternal-Child Specialist

**HONORS AND AWARDS:**

Daisy Foundation Faculty Award-2019  
Partners in Excellence Awards for Outstanding Performance and Commitment to Excellence  
2018- Team Award: Course/Instructor Evaluation Redesign Team  
2018- NAS Working Group (MGH) Quality Treatment and Service.  
2006- Outstanding Performance and Commitment to Excellence  
2004- Outstanding Performance and Commitment to Excellence  
2001- Excellence Award for Innovations in Practice  
2000- Award for work on Institute re-accreditation process

Boston Globe Salute to Nurses- Nominated in Nursing faculty category-2006-2010  
Award for "Outstanding Student Paper" from the Society of Pediatric Psychologists-1994  
Two Professional Achievement Recognition awards–MGH 1989, 1992  
Who's Who in American Nursing-1988  
Boston Institute for the Development of Infants and Parents' award for "excellence for outstanding contributions in the infant-parent field."-1988  
Early Intervention Consortium Award - District V-1984

**GRANTS:**

- 2018 National Institutes of Health Clinical and Translational Science Awards 5 year grant collaboration among Tufts, MIT and the IHP School of Nursing \$48,000
  
- 2007 MGH Institute of Health Professions  
Faculty development fund  
\$1800 for: *Lactation Counselors' experiences with breastfeeding support in Massachusetts*
  
- 2000 MGH Institute of Health Professions  
Research seed money  
\$1500 for: *Tracking patterns of children's feeding problems in a hospital based feeding team.*
  
- 1993-1998 National Institutes of Health Research Service Award (NRSA) National Institute of Child Health and Human Development  
Pre-doctoral fellowship- full support for doctoral work and research 1993-97, partial support 1998 for doctoral education and research projects connected to the degree.
  
- 1998 MGH Institute of Health Professions  
Research seed money  
\$2839 for 2 studies:
  - *The effect of caregiver consistency on preterm infant stress recovery patterns.*
  - *Systems affecting the presence of a consistent caregiver in neonatal ICU's in the United States: a national survey.*
  
- 1992-1994 Deborah Monroe Noonan Fund  
through the Children's Service at Massachusetts General Hospital PI- Ute Thyen  
\$5000 for: *Impact of long-term care of children assisted by technology on maternal health.*
  
- 1986 MGH Institute of Health Professions  
Research seed money \$500 for: *Follow-up of the high risk infant: early neuro-developmental and social-emotional issues,*

**PUBLICATIONS:**  
*Peer reviewed articles*

### **Invited Presentations**

(Partial listing from most recent)

#### ***International***

2017            Uncovering the patterns of opioid use among pregnant women in an American medical center. International Conference on Nursing Science and Practice. June 27. Dallas, Texas.

- 2009 *Redefining breastfeeding support in a changing world.* Poster presentation at the June-July ICN 2009 Congress in Durban, South Africa.
- 2004 *Developmental care for neonates.* For the Saudi Aramco Medical Services Organization videoconference series. Sponsored by Massachusetts General Hospital.
- 2002 *Use of respite care services by parents of children with chronic illness and disability.* International Pediatric Nursing Research Conference, McGill University, Montreal April 2002.
- Tracking patterns of children's feeding problems in a hospital based feeding team.* poster presentation International Pediatric Nursing Research Conference, McGill University, Montreal April 2002.
- 1998 *Systems affecting the presence of a consistent caregiver in neonatal ICU's in the United States: a national survey.* Paper presented at the Seventh International Nursing Research Symposium on Clinical Care of the Child and Family, McGill University/ Montreal Children's Hospital, Montreal, Quebec.
- The politics and pitfalls of identifying a national sample of neonatal intensive care units.* Poster presentation at the Seventh International Nursing Research Symposium on Clinical Care of the Child and Family. McGill University/ Montreal Children's Hospital, Montreal, Quebec.
- 1997 *The effect of caregiver consistency on preterm infant stress recovery patterns.* Paper presented at the Sixth International Nursing Research Symposium. Montreal Children's Hospital and McGill University, Montreal, Quebec
- 1991 *Follow-up of the high risk infant: early neuro-developmental and social-emotional issues.* Paper presented for the Fourth International Nursing Research Symposium. Montreal, Quebec, Canada.
- National**
- 2018 *Clinical practice guidelines: chronic conditions.* Webinar presentation with Lori Williams, sponsored by the Society of Pediatric Nurses. December 5, 2018
- 2005 *Tracking patterns of children's feeding problems in a hospital based feeding team.* Poster presentation Society of Pediatric Nurses' national conference, Philadelphia, PA.
- 1997 *Factors contributing to parent satisfaction with services for the home care of technologically dependent children .* Presentation and poster, National Institutes of Health Trainee Conference, Bethesda, MD.

- 1994 *The effect of caregiver consistency on preterm infant stress recovery patterns.* Paper presented to the Society of Pediatric Psychologists Northcoast Regional Convention, Cincinnati, Ohio.
- 1993 *A collaborative program for international education.* For the NLN's Biennial Convention in Boston with D.F. Miller, P.K. Nicholas, J.D. Leuner, D.R. Kelliher, B.D. Lynch, and J.B. Fitzmaurice.
- 1992 *A collaborative program for international education..* Poster displayed at Faculty Development '92—The Annual Conference for Nursing Faculty with D.F. Miller, D. Kelliher, B. Lynch, P.K. Nicholas, J.D. Leuner. New Orleans, Louisiana.
- A method for managing chronic, non-specific parent anxiety.* Poster Presentation for Nursing Care of Children and Their Families. Sponsored by Society of Pediatric Nurses and Contemporary Forums. Chicago, Illinois.
- 1981 *Psychosocial aspects of neonatal intensive care: assessing infant response.* American Orthopsychiatry Convention, New York City.  
The Longterm Hospitalized Child: Principles of Care and Management. Children's Hospital Medical Center, Boston, Massachusetts.
- Regional**
- 2018 *Trauma Informed Care.* Harvard Medical School Center for Primary Care (HMS CPC). Boston, MA
- 2017 *A Nurse's Reflections on Dr. T. Berry Brazelton.* Honoring Dr. T. Berry Brazelton's Legacy: New pathways to supporting infants, parents and families. Boston, MA
- 2016 *The influence of medical complications on infant development.* Sponsored by Tufts Department of Child Development.
- 2015 *Infant sleeping and feeding behavior.* Sponsored by Massachusetts School for Professional Psychology. Newton, MA.
- Parenting a high risk infant.* Sponsored by Massachusetts School for Professional Psychology. Newton, MA.
- Pregnant teens and high risk parenting.* Department of Child Development. Tufts University
- Neuro-regulation and its effects on infant behavior.* Sponsored by Massachusetts School for Professional Psychology. Newton, MA.

- 2014 *The influence of medical complications on infant development.* Sponsored by Tufts Department of Child Development
- 2013 *What fathers and mothers bring to babies and young children.* Moderator for discussion: speakers Arnold Kerzner and Kyle Pruitt. Sponsored by BIDIP at MSPP.
- Medical complications in infancy.* Presented at Tufts University. Medford, MA.
- The neuro-regulatory system in infants.* Sponsored by Massachusetts School for Professional Psychology. Dedham, MA.
- Parenting a special needs infant.* Sponsored by Massachusetts School for Professional Psychology. Dedham, MA.
- 2011 *Colleague to colleague advice for the future, and a gift for always.* Presentation to graduate nursing students on the occasion of their completion of the Generalist Program, MGH Institute of Health Professions - Boston, Massachusetts.
- 2010 *A model for building nurse practitioner research skills.* Presentation at NONPF 36<sup>th</sup> Annual meeting, Washington, DC.
- 2002 *Use of respite care services by parents of children with chronic illness and disability.* Presentation for Nursing Research Day. Massachusetts General Hospital
- Diagnosing and treating feeding problems in children.* Presentation for Abilities Expo. Boston, MA.
- 2000 *Pediatric feeding and swallowing: tips to maximize success in the community.* Presentation sponsored by Speech/Language Department, Massachusetts General Hospital. Boston, MA.
- 1999 *Exceptional stresses for exceptional families.* Conference presentation sponsored by the Boston Institute for the Development of Infants and Parents (BIDIP). Medford, MA.
- Critical issues in school health.* Conference presentation for N.P.A.C.E, Boston, MA.
- 1998 *Caregiver consistency in the neonatal intensive care unit.* Oral presentation given for Nurse Recognition Week at Massachusetts General Hospital. Boston, Mass.
- Factors contributing to parent coping and satisfaction with home care services for technology assisted children.* Poster presentation for Nurse recognition Week at Massachusetts General Hospital. Boston, Mass.

*The politics and pitfalls of identifying a national sample of Neonatal Intensive Care Units.* Poster presentation for Nurse recognition Week at Massachusetts General Hospital. Boston, Mass.

*Defining ourselves: the continual quest of the advanced practice nurse.* Presentation to graduate nursing students on the occasion of their completion of the Generalist Program, MGH Institute of Health Professions - Boston, Massachusetts.

*Systems affecting the presence of a consistent caregiver in neonatal ICU's in the United States: a national survey.* Poster presentation. MGH Scientific Advisory Committee. Massachusetts General Hospital, Boston, Massachusetts.

1997 *Factors contributing to parent satisfaction with services for the home care of technologically dependent children .* Poster presentation for the MGH Research symposium, Boston, MA.

*Interdisciplinary assessment and management of infant/toddler feeding problems.* Workshop for the annual conference of the Massachusetts Early Intervention Consortium, Sturbridge, Massachusetts.

*Evaluating children at risk.* Boston Public Schools Professional Development Day. Boston, MA.

*Pediatric neurological concepts* Neuroscience Nursing Service, Massachusetts General Hospital, Boston, MA.

*The effect of caregiver consistency on preterm infant stress recovery patterns.* Poster presented for MGH Science Symposium. Boston, Massachusetts.

*An interdisciplinary approach to assessing and managing pediatric feeding problems.* Paper presented to the First Annual Partners HealthCare System Conference. Brigham and Women's Hospital. Boston, Massachusetts.

1994 *Neurological issues in pediatric patients.* Presentation for the Neuroscience Review Course. Sponsored by MGH Orthopedic and Neuroscience Nursing Services. Boston, Massachusetts.

*The effect of caregiver consistency on preterm infant stress recovery patterns.* Poster presentation for the annual symposium on Pediatric Research. Sponsored by the Massachusetts General Hospital Department of Pediatrics. Boston, Massachusetts.

- 1992 *Neurological care problems of the newborn.* Sponsored by Greater Boston Chapter of American Association of Critical Care Nurses. Needham, Massachusetts.
- Collegueship and diversity: where we go from here.* Presentation for Graduate Completion Ceremony. MGH Institute of Health Professions.
- 1991 *Issues and approaches in the developmental care of the hospitalized child,* in International Conference for Japanese Nurses. Sponsored by MGH and the MGH Institute of Health Professions.
- Early follow-up of the high risk infant physical, neuro-developmental, and social-emotional issues.* Poster Presentation at the Children's Service Research Symposium Program, Massachusetts General Hospital, Boston, Massachusetts.
- Early follow-up of the high risk infant: physical, neuro-developmental and social-emotional outcomes.* Presentation for "Research in the 90's: Measuring Patient Outcomes." Sponsored by Nursing Research Network of Boston, Massachusetts.
- 1990 *Early follow-up of the high risk infant.* Sponsored by Boston Institute for the Development of Infants and Parents, Boston, Massachusetts.
- 1989 *Early physical, neuro-developmental and social-emotional follow-up of the high risk infant.* Sponsored by Ambulatory Nursing Services, MGH, Boston, Mass.
- Short term follow-up of the high risk infant.* Sponsored by MGH Intensive Care Medical Service. Boston, Mass.
- Nursing follow-up of the high risk infant.* Sponsored by IHP Research Committee, Boston, Mass.
- Nursing follow-up of the high risk infant.* Presented for the Faculty Research Symposium as a work in data collection phase, MGH Institute of Health Professions - Boston, Massachusetts.
- Pediatric feeding team approach to eating disorders.* (Part of: *Dysphagia: evaluation and treatment in the medical setting.*) Sponsored by MGH Speech/Language Department, Boston, Massachusetts.
- Bronchopulmonary dysplasia: understanding the disease entity through a theoretical framework.* Presented at a conference sponsored by the Norfolk County-Newton Lung Association - Newton, Massachusetts.
- Discussant for Ann Easterbrooks' presentation, *A study of perinatal risk and early family development*, sponsored by B.I.D.I.P., Boston, Massachusetts.

High Risk Factors in Pregnancy, Prenatal, and Neonatal Events, in conference entitled, *Discharge of the high-risk infant: collaborating between hospital and home*, Presented at Massachusetts General Hospital, Boston, Massachusetts.

*Current research on the developmental outcomes for high-risk infants*, Presented for Early Intervention Program; Brockton, Mass.

1989 *Nursing and social revolution: where society has been, where we are going*. Presentation to graduate nursing students on the occasion of their completion of the Generalist Program. MGH Institute of Health Professions, Boston, Massachusetts.

*Reflections on the past, our gifts for the future*. Presentation for Graduate Completion Ceremony. MGH Institute of Health Professions. Boston, Massachusetts.

1987 *Theory of nursing care of bereaved parents*. Presentation for the Bereavement Team workshop, sponsored by Pediatric Nursing at the Massachusetts General Hospital - Boston, Massachusetts.

1986 *DRG's: the newest dilemma for parents and health care providers*. Workshop for conference on *The high risk infant and family: parents and professionals working together*. Sponsored by Wheelock College and PPHR International, Inc. - Boston, Massachusetts.

*Assessing the effectiveness of discharge planning in the home care of the chronically ill and handicapped child*. Conference sponsored by Pediatric Nursing at Massachusetts General Hospital -Boston, Massachusetts.

*Controversies and research in child development 1975-1985: An Update for Nursing Practice*. Conference sponsored by the Massachusetts Nurses Association - Marlboro, Massachusetts.

*DRG's and the effect on discharge planning and home care for the high risk infant* Presentation to community health nurses, sponsored by home care project at Massachusetts General Hospital - Boston, Massachusetts.

*Leadership and the challenge of change*. Presentation for conference on leadership sponsored by staff development at Massachusetts General Hospital - Boston, Massachusetts.

*The multi-dimensional clinical nurse specialist: from person to practice*. Presentation to graduate nursing students on the occasion of their completion of the Generalist Program, MGH Institute of Health Professions - Boston, Massachusetts.

*Job hunting: role negotiation and development for the clinical nurse specialist.*  
Panel presentation for students studying the role of the CNS. MGH Institute of Health Professions - Boston, Massachusetts.

*Infant mental health: the contribution of the infant and the caregivers.*  
Conference sponsored by Massachusetts Alliance of Daycare Workers - North Attleboro, Massachusetts.

*Pregnant women and their relationship with their mothers.* Discussant for a doctoral presentation colloquium sponsored by Massachusetts School of Professional Psychology - Newton, Massachusetts.

*From person to practice: the multi-dimensional clinical nurse specialist.*  
Presentation for Graduate Completion Ceremony - MGH Institute of Health Professions.

1984 *Parents' experiences in the nicu: coping with life and death.* National conference sponsored by the Boston Institute for the Development of Infants and Parents. Boston, Massachusetts.

*Community follow-up of the high risk infant.* Conference on the High Risk Infant sponsored by Project Welcome, Wheelock College. Boston, Massachusetts.

*Developmental assessment of the high risk infant.* Conference sponsored by District V Early Intervention Conference. Lakeville, Massachusetts.

*Neuro-behavioral assessment of the newborn.* Sponsored by Brockton Hospital, given to Boston University medical students. Brockton, Massachusetts.

*Early intervention and the disabled child.* Sponsored by Brockton Hospital, given to Boston University medical students. Brockton, Massachusetts.

1983 *The reaction of children under three years old to hospitalization.*  
National conference sponsored by the Boston Institute for the Development of Infants and Parents - Boston, Massachusetts.

*Non-organic failure-to-thrive: assessment and care.* Conference sponsored by Early Intervention Consortium, University of Massachusetts Medical Center - Worcester, Massachusetts.

*Discharge planning for the chronically ill and handicapped child.* National conference sponsored by the Boston Institute for the Development of Infants and Parents, Boston, Massachusetts.

- 1982 *The intensive care family* National Conference sponsored by the Boston Institute for the Development of Infants and Parents - Boston, Massachusetts.
- Ethical-legal issues in the nicu - A Theoretical Framework*. Conference at University of Massachusetts Medical Center - Worcester, Massachusetts.
- Developmental assessment of the high risk infant*. Early Intervention Consortium Conference, University of Massachusetts Medical Center, Worcester, Massachusetts.
- Teen pregnancy and parenting*. Four day seminar sponsored by Boston Institute in the Development of Infants and Parents - Boston, Massachusetts.
- Leavitt, Rebecca and Terres, Nancy M. *Discharge planning for the chronically ill and handicapped child*. Presented at National Conference for the Boston Institute for the Development of Infants and Parents.
- 1981 *Developmental issues of the high risk newborn: parameters for clinical intervention*. national Conference for the Seminar for the Development of Infants and Parents - Boston, Massachusetts.
- Parent supports in families with high risk infants - professional issues*. Conference sponsored by Coastal Community Counseling Center, South Weymouth, Massachusetts.
- Discussant for *Home visiting: reinventing the wheel*. Presented by Lorraine Klerman for the Seminar in the Development of Infants and Parents - Boston, Massachusetts.
- 1980 *Psychosocial aspects of neonatal intensive care*. National Conference for the Seminar in the Development of Infants and Parents. Boston, Massachusetts.  
*Conference on the High risk infant - resources and referral in the community: the basis for assessment*. Sponsored by Eunice Kennedy Shriver Center. Presented in Lakeville, Massachusetts.

## Educational Activities

### *Courses taught*

- ◆ Maternal–child nursing 1984-2011
- ◆ Pediatric advanced practice theory and clinical courses for Year 3 PNP students 1984-2011
- ◆ Research for Clinical Practice 2013-Present
- ◆ Scholarly Project 1985-Present
- ◆ Frequent guest lecturer for a variety of classes, including classes for the Women’s Health Specialty, Role Specialization, Oncology, Ethics, and

courses for Communication Speech Disorders, and Physical Therapy programs

1985 until 1990s

◆ Reader for student over 30 theses (1<sup>st</sup> and 2<sup>nd</sup> reader)

◆ Faculty of record for an average of 4-6 Scholarly Projects per year.

1990s to Present

***Clinical supervision***

◆ Two to four clinical groups per fall term for the Maternal-Child (MCH)

1984-2006

◆ Six to eight advanced practice students per spring term

1985-Present

***Curriculum development***

◆ Developed and overhauled the MCH course over 24 years

1987-2011

◆ Created and taught the IHPs first, and for years only course in collaborative practice

1985

◆ Overhauled the *Research for Clinical Practice* course from the original *Designing Research* course

2013

◆ Was involved in curriculum planning and implementation of the nurse practitioner curriculum from the clinical nurse specialist curriculum

Began in 1991, implemented 1994

◆ Developed the Behavioral Pediatrics course

1995

◆ Reworked the Year 3 spring clinical course to include placement in subspecialty practices, for years the only pediatric NP program in the area to do so;

2000s

***External educational activities***

◆ External reader on two maternal-child based dissertations for doctoral dissertations at William James College

◆ Participated in Joint Appointment series (MGH)

◆ Serve as a consultant to individual groups and an area medical center on the devising of assessment tools and establishing plans of practice based on research

◆ Supervised the use of pediatric assessment tools for private agencies

◆ Taught newborn assessment and parent-child care to private agencies, and served as follow-up consultant when questions arose

◆ Assisted various agencies in devising plans for parent-child programming

◆ Taught latest research in parent-child care to professional and non-professional groups

◆ Taught numerous classes for c.e.u.s, as requested by a number of public and private agencies

◆ Served as a reader for theses in the Speech-Language Program.

◆ Taught content on identifying child abuse, and on parenting issues with parents of children with disabilities in the Physical Therapy Program

***Mentoring***

◆ *Students*-Numerous over the years, examples of kinds of activities below

- ◆ Precepting students in clinical placement with the MGH Feeding Team
- ◆ Techniques on job seeking post-graduation
- ◆ Mentoring as RAs through my research projects

◆ *Faculty*

- ◆ New employees through IHP orientation (2)
- ◆ Frequently consulted on dealing with specific student and system issues

### **Clinical Innovations and Quality Improvement Projects**

Multiple since 1979 including:

- ◆ Instituting the first system of primary nursing in the NICU in Boston in mid-1970s
- ◆ Documenting improved outcomes for premature infants held in caregivers' arms well before the research and implementation of Kangaroo Care
- ◆ Researching at Boston Children's Hospital and MGH long term outcomes of infants who received NICU care.
- ◆ Developing a database on infants who were exposed to opioids in utero
- ◆ Developed the first QI project for the NAS Team to determine the actual incidence of NAS infants at MGH, and what was preventing referrals to the NAS program.

### **Professional Memberships and Activities**

American Psychological Society-1999-2017

Boston Institute for the Development of Infants and Parents

1979-2003-Board of Directors

1992-1994- President

1989-1991- President-Elect
