Curriculum Development

| | |
|----------------------------------------------|-----------|
| Global Health Equity and Innovations Program | 2017-2018 |
|----------------------------------------------|-----------|

- The Global Health Nursing Certificate program was recreated in order to achieve greater presence in the Global Health space and to align with the Consortium of Universities in Global Health, Global Health Competencies. The program expanded to include students from all professions.

| | |
|----------------------------------------|-----------|
| Global Health Immersion Program: India | 2013-2014 |
|----------------------------------------|-----------|

- Created the first long term global immersion program at the Institute, which was expanded in 2017 to include students from all programs.

| | |
|-----------------------------------------------------------|-----------|
| Adult-Gerontology Primary Care Nurse Practitioner Program | 2011-2013 |
|-----------------------------------------------------------|-----------|

- The Adult and Gerontology Nurse Practitioner programs were completely revised and merged in order to align with the ANCC's new AGNP-Primary Care certification exam. Curricular innovations included integration of gerontology content in all required classes and the addition of a fundamental course titled "Transitions" that highlights the developmental transitions and challenges that accompany all stages of life. This was approved by the faculty in 2012 and implemented in 2013.
