

THERESA HOSKINS MICHEL
(617)726-8021 (work)

PERSONAL DATA

Date of birth: June 9, 1944
Place of birth: McMinnville, Oregon

EDUCATION

1966	B.A., Earlham College, Richmond, Indiana - Major in Biology
1967	Certificate in Physical Therapy, University of Pennsylvania, Philadelphia, PA
1971	MS, Sargent College of Allied Health Professions, Boston University, Boston (Thesis: Fatigue of Single Motor Units).
2003	DPT , MGH Institute of Health Professions, Boston, MA
2004	DSc in Cardiopulmonary Physical Therapy at the Rocky Mountain University of Health Professions, Provo, Utah

LICENSE: 1968 Massachusetts, #1455

CERTIFICATIONS: 1986, 1989, 1992, 1995, 1999, 2007 ACLS

1988	American Physical Therapy Board Certified Cardiopulmonary Clinical Specialist
1997	Recertified APTBS Cardiopulmonary Clinical Specialist
2007	Recertification of APTBS Cardiopulmonary Clinical Specialist

ACADEMIC APPOINTMENTS:

2007-present	MGH Institute of Health Professions— Clinical Professor of Physical Therapy
1980-2007	MGH Institute of Health Professions— Clinical Associate Professor of Physical Therapy
1994-1999	Special Service Appointment in the Graduate School of Arts and Sciences of Boston University
1971-74	Sargent College of Allied Health Professions of Boston University: Assistant Professor in Physical Therapy
1974-1980	Adjunct Assistant Professor of Physical Therapy at Sargent College, BU

HOSPITAL APPOINTMENTS:

2007-present	Physical Therapist Clinical Associate, Physical Therapy Services Working with Research collaboration of Department and Neuroendocrine Department (3-5 hours per week as Cardiopulmonary Clinical Specialist)
1982-2007	Physical Therapist Clinical Associate, Physical Therapy Services, Massachusetts General Hospital (10 hours per week as Cardiopulmonary Clinical Specialist)
1974-1982	Rehabilitation Institute of Tufts New England Medical Center: Research Associate in Rehabilitation
1971	Sahlgrenska Sjukhuset, Goteborg, Sweden--Research Assistant in Rehabilitation
1967-69	Boston City Hospital, Boston, MA--Staff Physical Therapist.

FACULTY COMMITTEES

1991-1992	Faculty Governance and Academic Policies
1991-1992	Research Task Force
1988-91	Faculty Positions Committee
1993-96	Faculty Positions Committee
1990	Chair, Faculty Positions Committee
1980-present	Physical Therapy Program Committee
1993-1994	Student Grievance Committee
1993-1994	Interdisciplinary Task Force, one of the organizers of the "Grand Rounds" held for IHP. On May 6, 1994
1993-1995	Preceptorship Committee of the IHP, one of the organizers of the first Preceptorship. Conference held November 6, 1993
1993-1994	Chair, Search Committee for Director of Entry Level Program in Physical Therapy
1994-95, 1996-97	Chair, Nominating Committee
1996-1997	Course and Curriculum Review Committee
1995-1997	Search Committee for Faculty positions in CSD program
1997-1999	Task Force on Faculty Practice
1997-2000	Chair, IHP Faculty Research Committee
2002-2004	Faculty Positions Committee
2001-2003	MGH/IHP Marjorie K. Ionta Committee
2000-2001	MGH hospital committee : Cardiac Educational Materials Design Team
2001-2003	MGH/IHP Chair, Physical Therapy Awards Committee
2003-present	MGH IHP Schwartz Educational Rounds planning committee
2003-2005	MGH IHP Task Force on Course and Instructor Evaluations
2004-2005	MGH IHP Co-Chair, Faculty Rank and Promotions Committee
2004-2005	MGH IHP Faculty Chair-Elect

2005-2006	MGH IHP Faculty Chair
2006-2007	MGH IHP Chair, Schwartz Educational Rounds planning committee
2006-2007	Faculty Leadership Group
2007-2008	MGH IHP Chair, Schwartz Educational Rounds planning committee
2007-2008	Faculty Positions Committee
2007-2008	Provost and VP of Academic Affairs Search Committee

PROFESSIONAL ASSOCIATION MEMBERSHIPS

Member: American Physical Therapy Association (1969 – present)

Member: APTA Sections on Research, Cardiopulmonary Practice, former member and chair of Research Committee of the Cardiopulmonary Section (1971 – present)

Member: APTA Section on Education (2002 –present)

Member: American College of Sports Medicine (1971 – present)

Member: American Association of Cardiovascular and Pulmonary Rehabilitation (1972 – 2003)

Massachusetts Association of Cardiovascular and Pulmonary Rehabilitation (1980 – 2002)

Member: International Association for the Study of Pain (1990 – present)

Member: American Pain Society (1990 – present)

Board Member: Massachusetts Society of Cardiac Rehabilitation (1989-92)

Board Member: New England School of Acupuncture (1993-2002)

Chair of the Board of New England School of Acupuncture (2000-2002)

Doctoral Committee Chair: Dissertation Committee for Harriet Wittink, in BU Interdisciplinary Doctoral Program, graduated May 1999

Doctoral Committee Member: Dissertation Committee for Sabriyah Almazeedi in Sargent College of Health Professions in Health Sciences, BU, graduated May 2000

Nominated to represent APTA on Health and Human Services Physical Activity Guidelines Advisory Committee (February 2007)

EDITORIAL BOARDS:

Editorial Advisory

Board Member: Physiotherapy Research International, 1996-present

Journal of Palliative Care, 2003-present

BOOKS AND CHAPTERS:

25. Michel T Hoskins and Spross J: "Pain Management: A Critical Component of Geriatric Rehabilitation." Workshop in Third Annual Geriatric Rehabilitation Conference, May 1996
26. Michel T Hoskins: "RSD: A Chronic Pain Dilemma for Physical Therapy Management" Presented to Harvard Medical School as part of their Elective: Pain: Exploring Issues from Sensory Receptors to Societal Concerns. April 8, 1996, and April 29, 1997, April 17, 1998
27. Michel T Hoskins: "Reflex Sympathetic Dystrophy", Fourth Congress: International Federation of Societies for Hand Therapy. Vancouver, Canada, May, 1998
28. Michel T Hoskins: "Exercise for elders", for Primary Care of Older Adults course in Nursing Program at IHP, November, 1998, November, 1999, November, 2000, November 2001, November 2002
29. Michel TH: Discussant for "Pain Relief Champion Seminar" MGH, October 1999, Oct. 2000, May 2003
30. Michel TH: Presentation: Physical Therapy Modalities for "Pain Relief Champion Seminar" MGH, April, 2003

31. Michel TH: Management of Patient with CHF. Partner's Home Care, Boston, July 2004
32. Nathan D & Michel TH: Diabetes Update. APTA National conference, Boston, June 2005
33. Michel TH & Paz, J: A Case Based Approach to Diagnostic Screening. Mass Chapter, APTA conference, November 2006

PROFESSIONAL PRESENTATIONS:

- 1971 Hoskins T and Powers W: "Fatigue of the Single Motor Unit" Annual Conference of APTA, Boston
- 1975 Hoskins T: "Physiologic Responses to Known Exercise Loads in Hemiplegic Patients" Annual Conference of American Congress of Rehab Med, Atlanta
- 1978 Hoskins T: "Regional Distribution of Ventilation During different Breathing Maneuvers" Annual Conference of Mass Chapter of APTA, Cape Cod
- 1978 Hoskins T and Brinkmann J: "Physical Conditioning and Altered Self Concept in Rehabilitated Hemiplegics" Annual Conference of American Congress of Rehab Med, New Orleans
- 1985 Piccolomo R and Michel T Hoskins: "Stress Testing Patients with Chronic Disease" Cardiopulmonary Section, Midwinter Conference, APTA, Orlando.
- 1989 Wolff, M, Michel T Hoskins, Watts NT, Krebs D: "Chronic Pain: Assessment of Knowledge/Attitudes of Physical Therapists" Platform presentation, APTA National Conference, Nashville
- 1992 Senneville A & Michel TH: Comparison of Outcomes of Cardiac Patients with Differing Lengths of Rehabilitation. APTA San Francisco conference
- 1994 Michel TH: Emotional Responses to a 10 Day Exercise Intervention in Hospitalized Arrhythmia Patients. WCPT, Washington, DC
- 1994 Nee J& Michel TH: Functional Improvements After a 10 Day Exercise Program in Hospitalized Arrhythmia Patients. WCPT, Washington, DC
- 1997 Michel TH, Cahill C, Corless I, Hodgson J, Macaruso P, Young E & Systrom D: Fatigue in HIV positive individuals: Issues of Neuromuscular Function. MGH Research Symposium poster
- 1997 Rohan Ball E, Michel TH & Cahalin L: Quality of Life in Elderly Heart Failure Patients is Related to Quadriceps Muscle Performance. American Association of Cardiovascular and Pulmonary Rehab, Dallas TX.
- 1997 Rohan Ball E, Michel T, Cahalin L: Relationship Between Muscle Impairments, and Disability in Heart Failure Patients. Cardiopulmonary Section of APTA, Boston
- 1999 Lin CJ, Michel TH, Steiner LA, Wittink H: The Perception of Exertion in Patients with Chronic Low Back Pain. Mass Chapter meeting, APTA, Hyannis
- 2001 Michel T H: Palliative Care Competencies for Physical Therapists. Oncology Section of APTA, San Antonio, TX

2003 Michel TH: Diabetes Prevention. Emerging PT Practice: Number 10, APTA Interview

POSTER SESSIONS:

Pomfret D & Michel TH: "Myocardial Perfusion Before and After 12 Weeks of Physical Conditioning in Post Myocardial Infarction Patients" Annual Meeting of American Academy of Physical Med and Rehab, Honolulu, HI, 1979

Nelson L, Michel T Hoskins, Cohen M: "Comparison of Rating of Perceived Exertion During Arm and Leg Exercise. APTA National Conference, 1985

Michel TH & Cohen M: "Cardiopulmonary Responses to Isokinetic UBE Exercise" Mass Chapter of APTA, Cape Cod, 1987

Wasserman JB, Michel TH, Harris BA: "Measures of Quadriceps Muscle Endurance: A Comparative Study", APTA Nashville, TN, 1989

Trombley A, Michel TH: "Comparison of Outcomes of Cardiac Patients with Differing Lengths of Rehab", American Heart Association, Mass Chapter, Needham, MA, 1991

Bishop KL, Michel TH, Bottomley J: " A Comparison of HR and RPE During Arm Cranking in Patients with Diabetes Mellitus" APTA Annual Conference, Boston, 1991

Johnson E, Hodson L, Harris BA, Michel TH, Krebs D: "Force-Velocity Relationship of Quadriceps: An In Vivo Study" APTA Annual Conference, Boston, 1991

Michel TH, Fynan K, Harris BA, Heislein D, and Jette A: " A Model for Evaluation of Energy Costs of Videotaped Exercise Programs for Seniors" APTA Annual Conference, San Francisco, 1992

Spross J, Michel TH: "Pain Content in the Curriculum: A Program to Enhance Faculty Knowledge" International Association for the Study of Pain, 7th World Congress, Paris, France, 1993

Nee J, Michel TH: "Functional Improvements after a 10 Day Exercise Program in Hospitalized Arrhythmia Patients" AACVPR Annual Conf; Portland Oregon, 1994

Michel TH, Cahill, C, Corless I, Hodgson J, Macaruso P, Young, E and Systrom D: "Fatigue in HIV Positive individuals; issues of neuromuscular function. MGH Research Symposium, January 1996

Wittink H, Michel TH: “Comparison of Three Alternative Symptom Limited Maximal Exercise Test Protocols for Determination of the Most Accurate Test of Aerobic Fitness in Chronic Low Back Pain Patients”, AACVPR Annual Conference, Dallas, 1997

Wang CH, Michel TH, Lerner, D: “The Relationship of Health Status to Employment in Individuals with Cardiopulmonary Disease”, The First International Conference on Cardiopulmonary Rehabilitation, Quebec City, Canada, 1999

Shih CY, Michel TH, Grimes, K: “The Relationship between Exercise Capacity and Health Status”, The First International Conference on Cardiopulmonary Rehabilitation, Quebec City, Canada, 1999

Downs Vogel, P, Michel TH, and McGibbon C: Effect of Adding IMT (Inspiratory Muscle Training) to a Pulmonary Rehab Program for Patients with COPD which includes upper extremity exercise. American Thoracic Society annual international meeting, Atlanta, GA, May, 2002

Michel TH, Watkins, MP, Watts, NT, Purtilo R, Jette, DU: “Comparison of Student Perceptions of learning: Online versus On Site”, presented at Combined Section Meeting, Nashville, February, 2004

Michel TH, Watts NT, Jette DU, Purtilo R, Watkins, MP: “Comparison of Learning Outcomes: Online versus On Site”, presented at National APTA Meeting, Chicago, July 2004

TEACHING EXPERIENCE:

- 1971-72 Sargent College of Allied Health Professions of Boston University**
Professional Socialization
- 1972-74 Sargent college**
Analysis of Procedures for the Improvement of Tissue Nutrition
Advanced Exercise Physiology
Movement Analysis
Functional Anatomy and Kinesiology
- 1972-1980 Sargent College**
Thesis Advising
- 1980-present MGH Institute of Health Professions**
Co-taught HP 703 Interdisciplinary Approaches to Pain Management for first 4 years
Taught HP 703 for last 8 years. In 2000 HP 703 was split into HP 704 and HP 705 (2 Modules. There were 9 students enrolled.)
Co-teach PH 742 Clinical Applications in Exercise Physiology
Taught PH 742 DL in fall 2006.

Co-teach PT 824 Advanced Seminar in Physical Therapy (1995 –2008)
Teach PT 785 Diagnostic Screening in PT (1994 – present) And the On
Line Version of PT 785 offered twice each year. Taught PT 785 DL once
2007-08.

Co-teach PH 739 Cardiopulmonary Clinical Laboratory (1998 – 2006)
offered twice each year.
Taught PH 739 Cardiopulmonary Clinical Laboratory 2007-2008 once (no
co-teacher.
Co-taught DL HP 720 Clinical Research once

Lecturer in PT 720 Foundations of Clinical Assessment in Physical
Therapy
Lecturer in PT 865 Concepts of Orthopedics (now renamed Foundations
of Neuromuscular Physical Therapy 2 times each fall)
Thesis Advising, Student Advising

Coordinate all Clinical Preceptorships for PT 839. Direct all teaching,
cardiopulmonary clinical and research preceptorships. From 2004 to
present have also directed all neurologic preceptorships. Have done
clinical precepting of Students at MGH in cardiopulmonary physical
therapy (4 students in 1999, 1 in 2001). As of 2007-2008 no longer
coordinating Clinical Preceptorships (Clinical Education Team taking this
role on).

MASTER'S THESES SUPERVISED:

- 1984 Lee Nelson: Comparison of Rating of Perceived Exertion During Arm and
Leg Exercise
- 1987 Doranne Long: Nutrition Knowledge of Sports Physical Therapists
- 1988 Paul Creedon : Outcomes of a Rehabilitation Program for Anterior Cruciate
Repair
- 1988 Jennifer Wasserman: Measures of Quadriceps Muscle Endurance: A
Comparative Study
Lydia Fritschy: The Effects of Beta-adrenergic Blockade on heart rate during
the Recovery Phase of Exercise
- 1989 Sabriyah Almazeedi: Comparison of Two Different Arm Ergometer Protocols
for Determination of Peak Physiologic Responses
- 1990 Melissa Wolff: Chronic Pain: Assessment of Knowledge and Attitudes of
Physical Therapists
- 1991 Ennette Larson: Muscle Substrate Metabolism and Bioenergetics during rest
and Graded Exercise and Relationship to Self-selected Dietary Intake and
Body Composition. (dietetics)

- Deborah Couture and Iris Neofotistos: The Reliability of the Psychophysical Approach to Measure Dynamic Lifting Capability on the BTE Work Simulator
Elizabeth Johnson and Laura Hodson: Force-Velocity Relationship of Quadriceps Femoris In Vivo

Flora Wang: The Relationship of Health Status to Employment in Individuals with Cardio-Pulmonary Disease
Emily Chen: The Predictors of Long Term Out-comes in Patients with Congestive Heart Failure—A follow up study
Elaine Lin: The Perception of Exertion in Chronic Low Back Pain Patients

- 2001 Kathy Duddy: A Golf Specific Exercise Program and the Functional Carry-over to the golf course
 Daniel Levine: The Relationship Between Land Based Tests and Three Ice Skating Tests
 Elizabeth Falcone: The Impairment and Disability Relationship in Low Back Pain Patients
 Dorothy Aiello: Polio Survivors: A Comparison of Fallers vs. Non-Fallers on a Functional Task and a Disability Measure
 Paula Downs-Vogel: Effect of Adding IMT (Inspiratory Muscle Training) to a Pulmonary Rehab Program for Patients with COPD which includes upper extremity exercise.
- 2002 Hsien-Pin Chen: Characteristics of the TOPS outcome measure in Chronic Pain Patients
- 2004 Tina Calise: Comparison of Patients with Community Acquired Pneumonia admitted to acute care hospital who received Physical Therapy from those who did not

DOCTORAL DISSERTATIONS SUPERVISED

- 1998 Harriet Wittink: Aerobic Fitness, Pain, Function and Disability in Chronic Low Back Pain
- 1999 Sabriyah Almazeedi: Impact of Exercise Intensity and Muscle Mass on Muscle Fatigue, Exhaustion, and Recovery During 1- and 2-Leg Dynamic Knee Extension Exercise in Humans

RESEARCH INTERESTS

1. Diabetes Prevention Project -- multicenter trial called Primary Prevention Trial #DK48397 funded by NIH from 1996-2002. Now completed.
2. LOOKAhead Study: A follow up study is now underway also funded from NIH for a 10 year period. David Nathan, PI. This latter study is for diabetic subjects to determine the role of diet/exercise and weight reduction on prevention of heart disease. 10% of my time for 6 years, now shifted to per diem.
3. Metabolic Syndrome, Lifestyle Modification and Resistance Training in HIV Disease #2 R01 DK49302-10A2, Steven Grinspoon, PI Funded by NIH from 9/15/2006 to 7/31/2011 for \$363,807. 10% of my time
 The major goals of this project are to investigate the effects of lifestyle modification in HIV-infected patients with the metabolic syndrome, and characterize longitudinal changes in cardiovascular risk markers in this population. I am a co-investigator.
4. Self Esteem and Physical Activity in Overweight School-Aged Children. Supported by the Dedham Health & Athletic Complex. Not funded. Pilot study completed. New proposal in preparation.
5. The Effects of Exercise Training with Partial Muscle Ischemia in Patients with COPD –funded in part by NIH No. 1K24 HL04022-01A1 (David Systrom, MD, department of Pulmonary and Critical Care Medicine, MGH). On hold.

6. Comparison of learning outcomes and perceptions of learning experiences between two cohorts of students who studied either on site or on line in an advanced course for Transitional DPT students called Diagnostic Screening for Physical Therapists. This is my dissertation research.

7. Defining competencies in palliative care for physical therapists.

AWARDS:

1. The Jack Walker Award for the best article on clinical practice of clinical research published in Physical Therapy in 1978.
2. Research Award, Marjorie K. Ionta Fund, 1990
3. Award for Best Platform Presentation. Cardiopulmonary Section. APTA Combined Sections Meeting, Boston, February 1998
4. Faculty Seed Grant to help support dissertation research, 2001 and 2002.
5. Partners in Excellence Awards in recognition of Outstanding Performance and Commitment to Excellence 2002, 2004, 2005 (2), 2006, 2007

GRANTS:

1. 1990-1992 \$25,000 from various sources to support Faculty Pain Symposium for MGH IHP
2. 1990 \$500 from Marjorie K. Ionta Fund
